TO WHOM IT MAY CONCERN

Ms Cathy MacDonald is known to me since April 2016. I have worked closely with her over the last few years on two government funded projects. The work entailed developing curriculum content and open learning materials for programmes offered in the Technical and Vocational Education and Training (TVET) sector.

As a contracted service provider to the Department of Higher Education and Training, Ms MacDonald was able to deliver on all the deliverables of the contracts, within the planned timeframes. She proved to be a competent and effective project manager, with excellent communication, organisational and negotiation skills.

I therefore recommend Ms MacDonald to anyone requiring her wide ranging set of expertise.

Yours sincerely

A handwritten signature in black ink, appearing to read 'T Yohan', with a stylized, cursive script.

Ms Tanya Yohan  
Deputy Director: Planning, Institutional Governance & Management Support  
Department of Higher Education & Training
